The required assignments for all students enrolled in Field Residency 1 (FR1) are listed below. Students must have full support from both the Field Supervisor and Cooperating Teacher as noted on the End of Semesters (EOS) Disposition to be recommended for continuation to Clinical Teaching. Students who do not receive full support will not receive credit for FR1. Students who do not earn credit for FR1 WILL be required to repeat FR1 the following semester. Although all assignments are completed and/or submitted in Blackboard, students may be required to turn in paper copies of selected assignments at the last class meeting or at a different date determined by their Field Supervisor.

1. Must attend the orientation and all monthly classes-**Attendance will be taken and no partial credit will be given.**
2. All Field Residency students are required to complete 30 hours of observations. Of the thirty hours required, a minimum of 15 hours must be interactive. The remaining hours are observational. Students who do not receive recommendation from both may receive a “NC” for No Credit and be required to re enroll in field residency the next semester that it is offered. If the reasons for not recommending are serious, a student may be removed from the Educator Preparation Program.*

**Course Policies:**

- **Assignment Policy:** All assignments must be submitted on time to receive full credit. No late work will be accepted. Note: Arrangements in exceptional circumstances (hospitalization, catastrophe, etc.) are the responsibility of the student. This means you must meet with the instructor to discuss the situation and provide documentation.
- **Class Participation:** Participation in class discussions is expected. Elements of appropriate participation include evidence of critical thinking, clarity in identification of the issues, understanding of the problems and ability to propose and evaluate solutions. It is expected that discussions in class will reflect the required assignments. All participants are expected to welcome open expression of opinions, attitudes, and beliefs.
- **Class Attendance Policy:** This class occurs very quickly and only meets 4 times for a total of 8 hours; therefore, attendance is mandatory! A vital part of every student’s education is regular attendance of class meetings. Every faculty member is to keep a current attendance record on all students. In addition, successful performance in this class requires that you attend class and be punctual. Your attendance affects the dialogue about the topics and successful discussion requires your attendance. Your absence alters the community and without your presence, discussion is radically different. Absences must be pre-approved and made up with your Field Supervisor in person. Absences tend to lower the quality of a student’s work in a course and subsequently their understanding of the content.

**FITNESS TO TEACH:**

Note: The College of Education and Human Development will not recommend students for certification who do not meet qualifying criteria. Admission to the program does not guarantee fitness to remain in the program. Only those students who meet program standards will be allowed to continue in the program. Students pursuing an initial teacher’s certification must meet fitness to teach standards that are assessed by faculty and program staff throughout the program. These standards include demonstration of emotional and mental fitness in their interaction with others as well as conformance with the code of professional educator ethics of the state of Texas. Students who fail to demonstrate fitness or conformance to appropriate codes may be asked to enter a remediation plan in order to remain in the program.

If a remediation plan is developed, students must demonstrate satisfactory remediation prior to being allowed to proceed toward graduation. In rare cases, a student’s ability to practice may exceed remediation and removal from the program is possible. Periodically in each candidate’s preparation, there will be checkpoints at which faculty, teaching specialists and

cooperating teachers will assess professional dispositions. Candidates who are identified as having significant concerns will be required to correct the areas of concern and may be placed on a growth plan.

All A&M-SA students placed in schools are expected to adhere to the Code of Ethics and Standard Practices for Texas Educators. Note: Students exhibiting a pattern of concerns will be referred to the Assistant Dean. Failure to remediate areas of concern may result in a recommendation for the student to be dropped from the Educator Preparation Program. Students dropped from the Educator Preparation Program will be required to shift to a non-certification degree program in order to graduate. Students who are required to change to a non-certification degree plan will not be allowed to change back to a certificate degree plan.

**Key Points to Remember:**

- Class attendance will be checked. It is the responsibility of the student to assure that his / her presence has been noted. If you come in after attendance has been taken it is your responsibility to check to see if your presence has been noted.
- During your observation hours you will be required to observe key areas related to your required assignments. It is also recommended after your first two observations to begin interacting with the students such as teaching small groups. This interaction time will be an asset when you teach your required lesson with your Field Supervisor present.

### **COVID-19 SYLLABUS ADDENDUM**

Everyone is strongly encouraged to get vaccinated and get vaccine boosters!  
It is the best way to prevent serious illness or death.

In alignment with the recent Texas A&M-System COVID-19 Phased Demobilization – Phase 1 guidelines, the University is updating Texas A&M-San Antonio COVID-19 guidelines and procedures.

To coincide with the end of the spring 2022 semester, the updates include:

- Indicators for positive COVID-19 cases are no longer posted to the [Community. Safety. TOGETHER](#) microsite as of May 15.
- COVID-19 case management will no longer be conducted.
- The reporting portal will no longer be used to make second-hand reports about individuals who have revealed they are a positive, exposure, or symptomatic case.
- Exposure cases and symptomatic cases are no longer required/asked to report; only positive cases are required to report. Students and employees are required to complete the online [COVID-19 Reporting Portal form](#) if they test positive for COVID-19. This includes results from a home Rapid Test.
- Once a positive report is made, individuals will receive automated feedback documenting their status and will receive information about completing a Return to Campus form at the conclusion of their expected period of isolation. Once the Return to Campus form is submitted, they will receive automated feedback whether they are able to return to campus or not.
- As it pertains to COVID-19, faculty/supervisors will no longer receive a formal letter from the University (Dean of Students Office or Human Resources Department) documenting the release of a student or employee to return to campus. It is the responsibility of the student/employee to fill

out the [Return to Campus form](#) and present to their respective professors and/or supervisor documentation of their approved return to campus.

- The Self Wellness Screen (Health Self-Screen Form) found on the Jaguar App may still be accessed and used to help determine if an individual should be on campus or not. Continued self-screening is encouraged for all, as is the continued practice of refraining from coming to campus if symptomatic.

In addition, there have been significant changes to our [Community. Safety. TOGETHER.](#) microsite to consolidate and condense information. Resources and updated information will still be available on the microsite, including archives of what was previously communicated and featured on the site.
